We are proud of the quality of produce available on our doorstep and are happy to offer what we consider to be some of the best Lancashire has to offer. All of our meat is of the highest quality, sourced from local butchers from local farms. None of the meat on your plate will have been raised more than 25 miles from our front door. All of our vegetables are sourced from local greengrocers and, where possible, also come from local farms.

FIRST CHOP
